Car Wash  
Fundraiser

# Cash Up Your Club and Clean Up Your Car!

*Fast. Clean. Green.*

205 Tapleys Hill Road, Seaton

Soft Touch Speedwash want to help clubs and charities in South Australia raise much-needed funds by paying \$1.00 to your Club every time a supporter washes their car in our new tunnel express car wash.

The Soft Touch Speedwash Fundraising programme is designed to assist non-profit organisations like schools, sporting groups, religious groups, service clubs and local community organisations to maximise their fundraising opportunities.

Raising money is something every club, charity and community organisation does. Whether it's a long day selling sausages at Bunnings or convincing people chocolate frogs ARE good for you, most fund raising schemes are labour intensive, time consuming and hard to manage.

This fund raising idea is so easy, that once you tell your supporters about it, it requires no further effort on your part Members, players, friends, family, neighbours, supporters and suppliers will be financially supporting your organisation every time they wash a car!

## Getting started

All you do to get started is complete the application form and post or deliver it to us. You will then receive your special Club promotional codes for each of our wash applications. Spread the codes through your Club network. Whenever that code is entered into our automated pay station, your Club will earn \$1.00. When your funds reach \$100, you will receive a cheque from us and we'll continue to send funds raised from your supporters until you ask us to stop! Be sure your supporters know that the \$1.00 donation ONLY applies to cars going through the express tunnel and using the automated pay station. It does not apply to self-service bays or vacuum only.

## Not your ordinary car wash

Soft Touch Speedwash is the first car wash of its kind in South Australia and incorporates state-of-the-art wash technology to deliver the cleanest, shiniest cars. The express tunnel takes less than 4 minutes to transform grubby, dirty cars into shiny, clean ones! This car wash is so clever, it even cleans the wheels rims and blackens the tyres. Users just put their car onto the guide track, take hands off the steering wheel, foot off the brake put the car into neutral and enjoy the ride!

This is the only car wash in South Australia to deliver a complete wash, wax, wheel/tyre clean and dry – in under 4 minutes using 100% recycled water!

The intelligent state-of-the-art technology used by Soft Touch Speedwash precisely follows the vehicle's contour to gently but effectively eliminate all dirt and road grime. Our innovative recycling system captures water and filters it through an extensive purification process before returning it through the wash system.

Attendants are on hand to help guide vehicles through the speedwash tunnel and we're open 7 days a week. Fleet Managers are welcome to join our Fleet Wash Club to make it easy to keep all the company vehicles looking smart, clean and fresh at all times.
